BRIEF ABSTRACT OF LETTER.

Recommend an allowance of Rs 15/- per month to Sub asst Surgeon T. R. Damodaram, for being in charge of the X-ray work at the General Hospital, Mysore, in addition to his work.

NOTES AND ORDERS.

The claim for a special allowance is that there is none else qualified for X ray work in the Genl Hospital and it is stated that Damodaram has been in charge of that work after the transfer of Mr S Subba Rao from the General Hospital

Final Note by the First Member of Council

Subject:—

X-Ray allowance to the Sub Assistant Surgeon, Mr. Damodaram.

Mr.S.Subba Rao who was in charge of X-ray work in the General Hospital, Mysore, having been transferred from that institution in September last, Sub Assistant Surgeon Mr.Damodaram who had been doing X ray work in addition to his other work ever since he was posted to the General Hospital in May 1915 was put in sole charge of the X ray Department as there was no other officer trained in X-Ray work. In view of the fact that the Sub Assistant Surgeon Mr.Damodaram had qualified himself for that work at his own cost, the Senior Surgeon recommended the grant of an allowance of Rs.15 per mensem to him from the date from which he was placed in sole charge of X Ray work in the Hospital in addition to his other work.

Paper under disposal

The Financial Department has no objection to the proposal; and the Council are of opinion that the allowance may be granted. The draft order, which is in accordance with the Council's opinion, sanctioning the extra allowance to Mr.Damodaram with effect from 26th September 1917, to continue while he attends to X Ray work in addition to his other duties in that Hospital, may be approved.

Senior Surgeon with the Government of

To

The Chief Secretary to the Government of

H. H. the Maharaja of Mysore,

Bangalore.

Sir,

I have the honor to state that Sub Assistant Surgeon Mr. T.R. Damodaram, attached to the General Hospital Mysore, underwent a course of training for 3 months at his own cost at the X-ray Institute at Dehra Dun , and subsequently had three months practical training in that work and in Ionic Medication at the General Hospital, Madras for a period of three months, as sanctioned by Government in their Proceedings ending with No. 6799-800-Med.35-14-18, dated, 3rd March 1915.

Mr. Damodaram has been doing X-ray work in addition to other work ever since his posting to the General Hospital Mysore, in may 1915 and from the date of Mr. S. Subba Rao's transfer from the General Hospital as District Medical Officer, Mysore District, has been in sole charge of the X-ray work in addition to other work, he being the only properly qualified hand now in that institution.

As was already represented in my letter No. 74, dated, 21st August 1914, (vide Med. File 35-14-7) only a Sub Assistant Surgeon trained at Dehra Dun is put in charge of the X-ray apparatus in the Bowring Civil Hospital Bangalore, for which he gets a special allowance of Rs.15 in addition to staff allowance of Rs. 10/- for being on the permanent staff of the institution.

Following the above practice I recommend that Mr. Damodaram may kindly be granted an X-ray allowance of Rs. 15/- a month with effect from 26-9-1917, the date of Mr. S. Subba Rao's transfer from the General Hospital, Mysore, in addition to the charge allowance of Rs. 10/- which he is at present drawing for being on the permanent staff of the General Hospital.

It may not be out of place here to add that Mr. C.A. Nanjappa has been allowed a special X-ray allowance of Rs. 50/- a month in addition to the local allowance of Rs.200/- which he drew as Resident Medical Officer of the Victoria Hospital.

Sir,

With reference to your letter No.6980-Med.87-17-3, dated 12th June 1918, I have the honor to state that, while the X-ray allowance of Rs.50 sanctioned to Mr.C.A.Nanjappa so long as he was to be in charge of the X-ray work in the Victoria Hospital has been kindly continued to him as the Medical Officer of the Krishnarajendra Hospital, Mysore, it is not understood who the second officer "in receipt of a similar allowance" is. Mr.S.Subba Rao, who had received training in X-ray work, has no doubt been posted to the Krishnarajendra Hospital, for doing duty, by Notification dated 27th May 1918. But I am not aware of any order granting him any allowance while doing duty in the institution. Moreover, Mr.Subba Rao will continue as District Medical Officer during the absence of Mr.E.S.Krishnaswami Iyer on the three months' privilege leave sanctioned to him in Government Notification No.7055-Med.7-17-59, dated 17th June 1918.

Dear 28.6.18

help of a well trained attender who was doing the radiographic and other work connected therewith. In the Krishnarajendra Hospital, Mr.Nanjappa will have his hands quite full with the work of starting the new hospital, and will not be able to give any more attention in the X-ray department than nominal supervision and general instructions. The Sub Assistant Surgeon in question, who has had at his own cost the same training as what Messrs. Nanjappa and Subba Rao have had at Government cost at the Dehra Dun Institute, and who has had in addition, a practical course in the General Hospital Madras, in Electric Therapy and Ionic Medication, and therefore,quite qualified to be in charge of the x-ray work, will have to be practically in charge of the same. He will also be available for the general work of the institution as a Sub Assistant Surgeon attached to the Hospital. Under these circumstances the proposed additional allowance may be sanctioned and continued to him so long as he may continue to be attached to that hospital.

As regards the general question, viz., the circumstances in which an allowance should be given for X-ray work, I beg to submit that, although the manipulation of the X-ray apparatus and the taking of Radiographs can be managed by any person of average intelligence, with some training locally, yet it is necessary in Government institutions to have in charge of the X-ray department, an officer holding a recognised qualification certificate, from the Dehra Dun Institute, the only institution authorized to train and issue the certificates. Medical officers or subordinates who may be placed in charge of X-ray work will usually have to do the work in addition to other professional work devolving on them as members of the staff, and will therefore be required to be given a special X-ray allowance. Under these circumstances, Mr.S.G. Asirvathum, the only officer in the Victoria Hospital, qualified to be in charge of X-ray work, may kindly be granted an X-ray

allowance

allowance of Rs.50/- a month, with effect from the date on which Mr.Nanjappa was relieved of his duties in the Victoria Hospital.
